THE KEY TO THE VAULT In Fort Knox is in the **hands** of the **Jew-infested** Federal Reserve Bank and the US Treasury.

The issue regarding who counts the gold bars at Fort Knox was raised when Ron Paul, worried that the gold was gone, **pened** a bill in 2011 requiring the bars be audited.

During a Congressional **hearing** of his **"The Gold Reserve Transparency Act of 2011,"** Paul suggested that the **(Jew-controlled)** Federal Reserve of New York, which has 5% of the US gold reserves, has the ability to **secretly 'swap'** gold with other countries. (The bill **died** soon after the hearings.)

And this would be a matter of course in how the Jews, who issue and charge interest on America's money, operate.

For just like trillions of the 2008 bailout money were **sent** to **Jew-owned** Harley Davidson Financial Services and **countless** foreign bodies by the Fed, one must question if Fort Knox still has 5,000 metric tons of gold the US Treasury **claims** it has.

It's an **international affair** that the Jews run.

For synonymous with the Federal Reserve Bank and the US Treasury are all the central banks **throughout** the Western world and the **ultimate source** of money creation: the Rothschild Dynasty.

Why else do Jews have **leadership** positions in all the major financial institutions that operate in 'sovereign' western governments?

Is it any coincidence that the vice-chairman of the Fed, Stanley Fischer, is a **dual-citizen** of Israel and Jewmerica?

With synagogue buddies in high places, Israel has all the money it needs for weapons of mass destruction.

AND WHAT BETTER security that insures Jewry's world domination than to possess 5,000 metric tons of gold ingots?

If there is some gold in the vaults of Fort Knox, the ingots are likely gold-plated tungsten. But we do know that Israel has **lots** of nukes, built from **stolen** US bomb grade uranium.

Is Israel also storing **stolen** American gold?

When enough people demand that Congress pass a new Gold Reserve Transparency Act, then we'll find out where our gold really is.

But don't hold your breath. A *Judenfrei* Congress happens only in our dreams.

"What does it profit a man to gain the whole world but loose his soul?"

A two thousand year old question, but apparently many are hell-bent to do just that.

Pity the fools, pray they repent before the Abyss.

Dear Br. Nathanael,

First, I want to wish you a Blessed, merry Christmas and a happy New Year. I agree with you 100% that Jews run about everything in the Western world.

Just like you, Brother, my own finances took a hit when I lost internet and wi-fi connectivity earlier this month.

I hope to recover enough to be able to donate as often as I had done before this calamity (I have a \$197 cell phone bill to pay next week); at least, I was able to donate \$20, before I lost internet and wi-fi connectivity.

However, I'm back online now, and will start donating again, once my finances recover.

All this gloom and doom I've been reading on the web certainly doesn't help this nation's situation any.

I've been praying my heart out that the Lord Jesus would help you and all of us; I have a good talk with Him daily, and He keeps my hopes alive.

Just like you, Br. Nat, I won't give up.

I am happy that your landlady extended your stay, and hope that she'll see the light and extend it even further.

May God Almighty, along with the Lord Jesus, bring you joy and blessings for the coming New Year 🙏

Eileen

I believe it was in the early '50's when the Ft. Knox gold was "looked upon" for the last time. From that moment forward it has been "bleeding" into Jew banks in either The City of London, (not to be confused with London proper for this, like the Roman Catholic Vatican City-State, is a city within a city, where the Synagogue runs it's luciferian parasite banks from), or occupied Palestine.

Where, along with the secret accounts for the Judas Class in D.C., it will stay.

When "the chosen" are satisfied their control over the world is complete they will begin a removal from Ft. Knox." The weekly publication National Tatler picked up the story, blazed it into headlines, and members of Congress soon began to receive inquiries from constituents.

Ed Busch, of WPAAP Radio, Dallas, Texas, gave Beter a forum to continue with his charges. The Treasury initially refused comment, not wishing to dignify the charges by way of rebuttal. Soon, however, congressional pressure for an answer mandated a statement, made informally, that Beter's view was "ridiculous."

Heightening suspicion on the part of Beter, and others, was the continued refusal by the Treasury to open the facility for inspection by anyone – including members of Congress.

Ed Moy, the 38th Director of the United States Mint from 2006-2011 wrote:

In 1974, then-Mint Director Mary Brooks led the first-ever public tour of the classified facility. The 120 visitors included members of Congress and the news media.

Because the United States went off the gold standard in 1971, the American public became skeptical of whether Fort Knox contained any gold.

When the delegation was satisfied, the vaults were again carefully sealed.
<http://www.newsmx.com/Finance/Ed-Moy/Fort-Knox-gold-bar-audit/2014/06/06/id/575519/>

But no actual physical audit or assay was done. It would take an act of Congress to compel it, which then Texas Rep Ron Paul attempted to get off of the ground.

Moy wrote: "To satisfy critics, a new audit would document each bar like the 1953 audit and assay 100 percent of the gold bars.

"That would require 400 people working full-time for six months to drill holes in each bar, test them for purity and document properly. The cost would range between \$15 million and \$60 million."

\$15 million - \$60 million is peanuts in terms of Congress' profligate spending of the taxpayers' money. Congress can scrape up the cost for such a thorough audit and assay diverted from their pork barrel spending.

The gold belongs to the American people entrusted to the government, under duress as it were, including gold and gold certificate seizures.

In 1933, U.S. President Franklin D. Roosevelt issued Executive Order 6102, which outlawed the private ownership of gold coins, gold bullion, and gold certificates by American citizens, forcing them to sell these to the Federal Reserve, all but a small amount under certain exemptions.

In 1934, Congress passed the Gold Reserve Act of 1934 which ratified President Roosevelt's orders.

The Ft Knox gold, and the government-owned gold in the NY Federal Reserve vaults which makes up 5 or 10% of the NYFRB gold reserves is the public's gold, not the private possession of the United States of AIPAC nor the Federal Reserve, particularly since the government is "of the people, by the people, for the people."

The US gold reserves belong to the American people.

And while the gold is not linked to monetary policy and economy anymore, the gold in Ft. Knox still has monetary value on the open market, somewhere around 337 billion dollars today. It works out to about \$1100 for every man, woman and child in America.

In many US states, Grand Theft is defined as being the theft of property worth more than \$750 or \$1000.

In any case, I for one would like an answer to this.

I never did settle for the US Treasury's snotty answer to Representative Paul during the 2011 subcommittee hearing that "it would be redundant" to hold a full audit, including an assay of the Public's gold reserves.

Is the Fort Knox Gold Now In Israel?

I got huge laugh out of King Bibsy sipping a glass of wine off of a table built from gold bricks in your mortgage, dear +BN.

I for one am all for a new audit and assay under a revived Gold Reserve Transparency Act.

I would really like to make certain that King Bibsy hasn't built an enormous Golden Calf out of tons of American gold somewhere out in a secret place in the Negev Desert, perhaps close to Dimona where our stolen weapons-grade uranium is.

God bless you +BN. Donation will be on the way in a day or two.

As I watched the ending of "The Hobbit - An Unexpected Journey" tonight with the dragon Smaug peeking up from the vast pile of gold coins and gold relics, it dawned on me that the old story of the dragon guarding the gold is still at this time in history a wonder to behold - or should I say horror!

Hundreds of people witnessed hundreds of army trucks hauling the gold from Ft. Knox.

J.P. Morgans gold vault is right next to the FED vault. The 2 are connected by a very short tunnel.

<http://www.zerohedge.com/news/2013-03-02/why-jpmorgans-gold-vault-largest-world-located-next-new-york-fed> (silverdoctors.com/zh-discover-jpms-largest-gold-vault-in-the-world-is-across-the-street-connected-by-tunnel-to-ny-fed/)

The gold is long gone.

A Rothschild has sat on the gold fix board for MANY years. A few years ago, somebody produced 400,000 bars of gold plated tungsten. In 2004, Rothschild gave up the seat after 200 years. <http://www.telegraph.co.uk/finance/markets/2883029/Rothschild-to-pull-out-of-gold-market-after-200-years.html>

The FED came up with the lamest of excuses to keep the Germans from seeing their gold a couple of years ago. Back in the 1920s, the German minister was visiting with Benjamin Strong, the head of the FED. Benjamin offered to show him Germany's gold that was held there in storage. Strong could NOT find it.

FOFOA has some of the best info on gold. Reportedly, Rubin is responsible for sending out America's gold. I doubt that it is in Israel. I was in Jerusalem in '84 shortly after the Israeli bond market collapsed and they had to knock three zeros off the shekel. If they had all the gold, they could have saved their bond market.

All the gold has gone East.

I believe that China will offer gold-denominated bonds. They can NOT back their currency with gold because of Gresham's Law and Triffin's dilemma. I've written extensively on the economy for 10 years.

Israel has forced her bitch into expensive wars. Those expenses now threaten to bring down her bitch. Israel receives \$10 million a day and still is broke-because it is communist. If her bitch goes broke, the walls will start closing in.

The protesters brought a nifty guillotine to their protest on Rothschild BLVD a while back. The natives are restless.

China and Russia have all the gold BUT, both America and Russia are using ZP energy to transmute gold very cheaply. Search "petrovoltatics" from John Bedini.

If you pull back ALL the curtains, you will see that this crash was intentional.

Every State that has let it's population outrun it's food-producing capacity will soon face famine when the collapse of credit takes down the Chicago commodity board where farmers go to get financing for planting. This is war on Islam.

Clinton was sent to Sub-Sahara Africa to effect change of governments and crash the production of food. The man-made river project was blown to smithereens to curtail food production in MENA.

GMOs and poison vaccine will do their part for population reduction.

Food production will be crashed and you can't eat gold.

There once was a candidate named Sanders
Who some were confusing with Flanders
But the Jew is a red
With his comraes the "Fed"
& launders your money thru Santander

There once was a usurper named Beebee
Who stole all your gold as a freebee
When asked were it was
He said call up the fuzz
It's buried under a plaza named Dealy
